

FLAT SCREEN TELEVISION

PROCEDURES AND RESPONSIBILITIES

1. Transportation Service Provider (TSP) Responsibilities: The TSP is responsible for packing and unpacking of flat screen television(s) at origin and destination. TSPs are responsible for ensuring that any flat screen television(s) remain in an upright position, during packing, transportation and unpacking.
2. Crating Charges for Flat Screen Televisions. Crating charges shall only apply to flat screen televisions in excess of a 60 inch diagonal screen size if member/employee's original container is no longer available, (See Note 1). This crating service must be pre-approved in writing by the PPSO. TSPs are permitted to utilize Third Party Service (TPS) to construct an authorized crate, however in no event shall any claim for payment by the TSP exceed the authorized rates for crating that are published in the solicitation, nor shall any additional charges apply for packing or unpacking, as the compensation for packing and unpacking shall be limited to that authorized under Item 100Q and 100R, as applicable. TSPs are responsible for proper packing, unpacking, shipping, and handling of flat screen television(s). Crate remains the property of member/service member.
3. Billing for crating Flat Screen Televisions in Excess of a 60 Inch Diagonal Screen: When billing for crating, a TSP shall utilize the rate and appropriate item code (100Q or 100R) published in the solicitation, a TSP shall only be permitted to bill the actual cubic foot dimensions for the crate (e.g. 4.23 cubic feet), when billing in Central Web Application (CWA). No rounding of cubic dimensions is permitted.
4. Corrugated Cartons for Flat Screen Televisions Less than 60 Inch Diagonal Size: TSPs are authorized to use corrugated cartons specifically designed to ship Flat Screen Television. TSPs will only be authorized to bill the charge under Item code 100V. No labor or additional charges other than item code 100V will be permitted. Corrugated carton remains the property of member/service member. When using original manufacturer's shipping container, See Note 1.

NOTE 1: Original container: TSP must utilize the original manufacturer's shipping container, if available and serviceable. TSPs shall specifically annotate on the household goods inventory sheet that the manufacturer's original carton was utilized to pack the flat screen television. No labor or additional charges shall apply.

NOTE 2: TSPs shall in no circumstance be permitted to charge the government for bulky charge for packing, unpacking or shipping flat screen televisions.
