

Summary of Significant Impacts

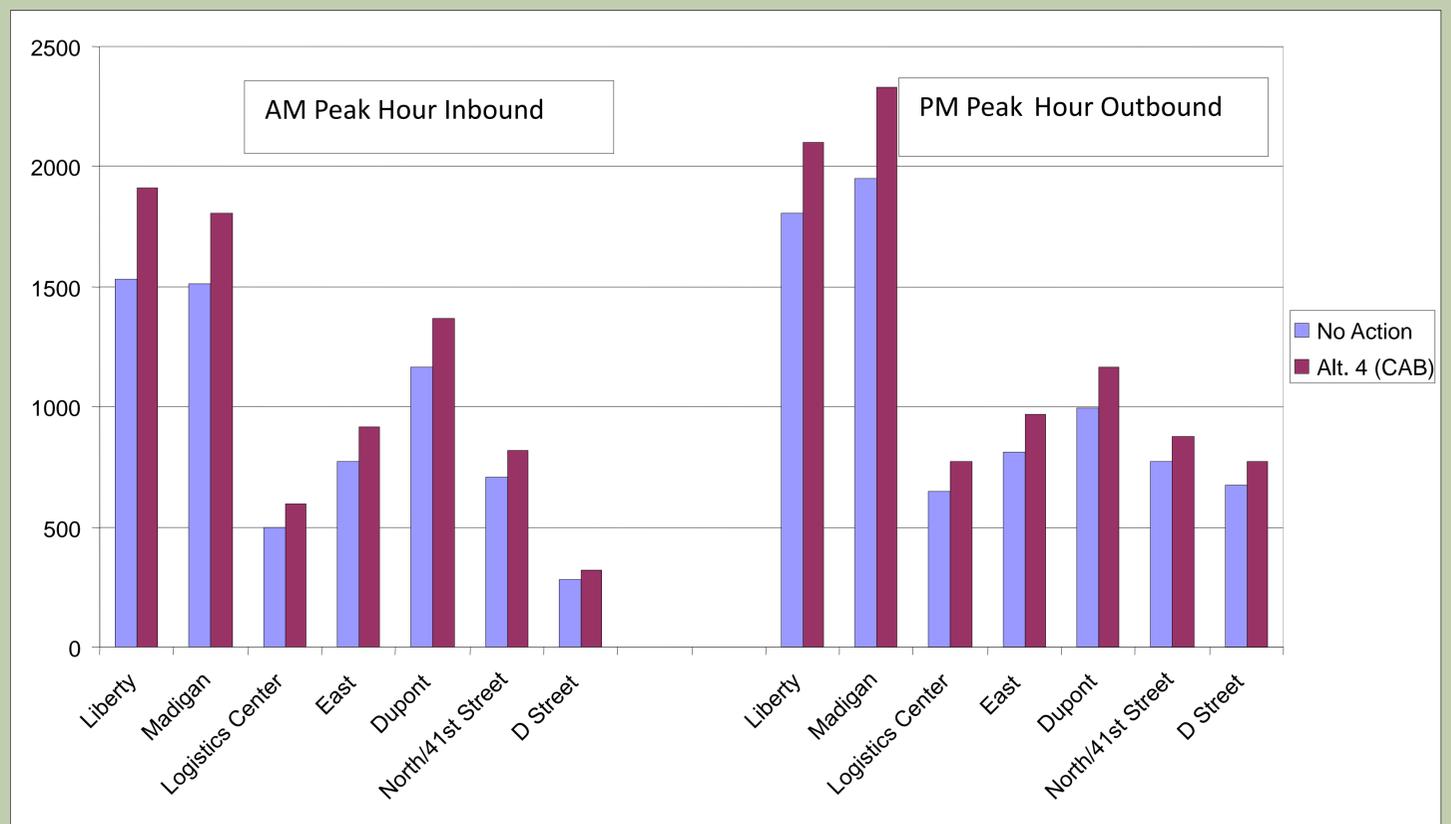

Fort Lewis

Noise (Alternatives 2, 3, 4)

- Noise during live-fire training would extend beyond the installation boundaries into adjoining communities
- Under Alternative 4, noise generated by helicopter flights would carry into adjoining communities

Traffic and Transportation (Alternative 4)

- By 2015, traffic would increase by 19.4 percent during the morning and afternoon peak hours
- Increased traffic would result in excessive congestion and delays at some intersections

Socioeconomics (Alternative 4)

- School-aged enrollment would increase by an additional 2,770 children over the current population
- Enrollment increases would be expected to impact
 - Clover Park School District (9% increase in enrollment)
 - Steilacoom Historical School District (13% increase in enrollment)
